PETITION TO WITHDRAW HOLDING OF ABANDONMENT
PER 37 CFR 1.181(a)

Sir,

The Applicants, through their undersigned representative, hereby petition to withdraw the Notice of Abandonment, mailed November 1, 2005 in the subject case. Support for this petition is attached.

As noted in the notice of Abandonment, the case was abandoned for failure to file a response to the Office Action of April 7, 2005. The Examiner asked the Applicants' attorney to call him. The Examiner notes that a telephone call was conducted with the undersigned, on October 19, 2005, in which this was confirmed.

However, he fails to note that, during the referenced telephone call, the undersigned made it clear to the Examiner that no Office Action was received.

Again, Applicants' attorney did not receive the Office Action of April 7, 2005.

Applicants' attorney maintains a docketing system known as PATTSY, and the docket clerk responsible for entering Office Action

due dates is diligent in this activity. As a backup system, this clerk also maintains the Microsoft Outlook calendar filled with dates for activities to be performed. A report of these due dates is printed periodically, approximately weekly.

Attached (p. 3) is the docket history of the subject case in our office. In addition to the lines in the "Action" column, Applicants' Attorney has added, for purposes of this petition, a circled letter "A" on a line relating to the following discussion.

Specifically, on the line marked "A", it is noted that the Applicants received the notice of publication, indicating the publication of the application on June 3, 2004. In the PATTSY system, this date is noted by DD/MM/YY as 03/06/2004.

There is no listing for any Office Action occurring after the publication notice. This documents the non-receipt of the Office Action (supposedly mailed on April 7, 2005). A thorough search of our Office and the file jacket was conducted.

Upon receiving the Examiner's telephone call referenced above, Applicants' attorney was made aware of the existence of the Office Action. His secretary proceeded to access the Office Action on the PTO database website. The first page of this Office Action is attached (p. 4), and it can be seen that there is a simple explanation for non-receipt of the Office Action. The PTO mishandled this mailing, since the addressee is INCORRECT.

Therefore, the USPTO should grant this petition. A sufficient showing has been made.

It is respectfully requested that this petition be dealt with urgently, and that the Office Action be re-mailed correctly, with a new date set for response, to enable continuation of the examination.

Respectfully submitted,

Edward Langer, Reg. No. 30,564
